

List of Publications 1995

Garbulewski K., Laskowska J., Wolski W. Strength of pliocene clays with natural shear surfaces In foundation of tailings dams. Proceedings of 10 th Danube European Conference on Soil Mechanics and Foundation Engineering. Mamaia- Constantea, Romania. 1995.

Garbulewski K., Wienclaw E. Groundwater and Soil Contamination at Waste Landfill Site. Proceedings of the X Danube-European Conference on Soil Mechanics and Foundation Engineering. Mamaia- Constantea. Romania. 1995.

Garbulewski K., Wienclaw E., Żakowicz S. Hydraulic conductivity of alluvial clays containing macro-pores. Proceedings of the Baltic Geotechnics' 1995. Balkema Rotterdam.

Garbulewski K., Żakowicz S. Suction as an indicator of soil expansive potential. Proceedings of the First International Conference on Unsaturated Soils. Paris. 1995.

Garbulewski K., Żakowicz S., Wolski W. Laboratory methods for testing of the swelling soils permeability. Proceedings of the XI European Conference on Soil Mechanics and Foundation Engineering. Copenhagen. 1995.

Koda E., Paprocki P. Shear strength of municipal wastes on the Radiowo landfill. Proceedings of IX Young Geotechnical Engineers Conference. Ghent. 1995.

Szymanski A., Borowczyk M. The use of in situ tests for determination of stress history in heavily overconsolidated soil. Proceedings of the XI European Conference on Soil Mechanics and Foundation Engineering. Copenhagen. 1995.

Żakowicz S., Garbulewski K. A modification of triaxial apparatus for prediction of dam core behaviour. Proceedings of the First International Conference on Unsaturated Soils, Paris. 1995.

Żakowicz S., Garbulewski K. A new technique for hydraulic conductivity testing of expansive unsaturated soils. Proceedings Of the Polish-Czech-Slovakia Seminar "Physics of soil water", Institute of Agrophysics, PAN. 1995.
