Abukalish M., Osiński A., Póltorak G. Evaluation of stress history parameters from in situ tests Proceedings of the Inter. Confer., University of Miskolc, Hungary 11-17 August, 1997.

Barański T., Król P., Skutnik Z., Wolski W. Determination of during construction characteristics of embankment dam clay cores. Proceedings of the XIX ICOLD, Florence. 1997.

Barański T., Sorbjan P. Numerical modeling versus monitoring data of the Czorsztyn dam. II Workshop Parcompwaste Copernicus Projekt: CP 94 0009. Warsaw. 1997.

Garbulewski K., Wienclaw E., Wolski W. Estimation of boulder clay as a mineral sealing of the municipal landfill. Ann. Of Warsaw. Agricult. Univ. - SGGW Land Reclam. 28, 1997.

Garbulewski K., Żakowicz S., Król P., Wolski W. Soil-water potential in the core of earth dam under construction. Ann. of Warsaw Agricult. Univ.-SGGW Land Reclam. 28, 1997.

Garbulewski K., Żakowicz S. Application of TDR technique for compaction control of engineered fills. Proceedings of the Fourteenth International Conf. on Soil Mechanics and Foundation Engineering., Hamburg . XIV ICSMFE. Vol. I.1997.

Garbulewski K., Żakowicz S. Influence of hydrocarbon contaminants on hydraulic conductivity of drainage systems. 2 nd International Green Symposium on Geotechnics and the Environment. Bolton Institute (UK). 1997.

Koda E. In situ tests of MSW geotechnical properties. 2nd International Symposium on Geotechnics and the Environment - GREEN 2. Kraków-Bolton. 1997.

Koda E. The influence of vertical drains on consolidation process in organic subsoil. Proceedings of the Conference on Recent Advances in Soft Soil Engineering. Kuching, Malaysia. Vol. I. 1997.

Lechowicz Z. Profiling of stress history in organic soils by dilatometer test. Ann. of Warsaw Agricult. Univ. - SGGW Land Reclam. 28, 1997.

Lechowicz Z. Undrained shear strength of organic soils from dilatometer test. Ann. of Warsaw Agricult. Univ. - SGGW Land Reclam. 28, 1997.

Lechowicz Z., Rabarijoely S. Use of dilatometer test in evaluation of organic subsoil strengthening. Proceedings of the Con. on Recent Advances in Soft Soil Engineering. Kuching. Malaysia. 1997.

Lipiński J., Fioravante.V., Jamiolkowski B., Wolski W. Preliminary evaluation of hazard due to liquefaction for Żelazny Most tailings pond. Proceedings of the Fourteenth International Conf. on Soil Mechanics and Foundation Engineering., Hamburg , XIV ICSMFE, Vol.I, 1997.

Litewka S., Marczewski J., Wolski W. Remedial works in the demaget part of the embankment dam. XIX ICOLD, Florence. 1997.

Skutnik Z., Barański T. In situ verification of design parameters for Czorsztyn Dam. II Workshop Parcompwaste Copernicus Project: CP 94 0009. Warsaw. 1997.

Szymański A. Determination of stress history in heavily overconsolidated soil. Ann.of Warsaw Agricult. Univ. - SGGW, Land Reclam. 1997. 28, 107-117

Szymański A. Numerical analysis of consolidation performance in layered soft subsoil Proceedings of the Conf. on Recent Advances in Soft Soil Engineering. Kuching. Malaysia. 1997.

Wienclaw E., Garbulewski K. Natural clayey barriers in protection of groundwater at landfill and sewage treatment plant sites Proceedings of the International Symposium Engineering Geology and the Environment. Athens. Greece. 1997.
