

List of Publications 2005

Bereda Z., Chęciński Z., Garbulewski K., Zakowicz S. In situ testing of unsaturated organic soils using piezovane. *Annals of Agricultural University-Land Reclamation*. 2005, z. 36.

Clark R., Koda E., Lipiński M., Rowe R.K., Wolski W., Van Gluck J. Chapter 1, „Design basics and performance criteria”. TC 5 Report ISSMGE Osaka, *Geotechnical Aspects of Environmental Engineering*. 2005, s.1-76.

Clark R., Koda E., Lipiński M., Rowe R.K., Wolski W., Van Gluck J.: *Geotechnical Aspects of Environmental Engineering*, Chapter 1, „Design basics and performance criteria”. TC 5 Report ISSMGE Osaka, *Geotechnical Aspects of Environmental Engineering*. 2005, s.1-76.

Falaciński P., Garbulewski K., Kledyński Z., Skutnik Z., Ziarkowska K. Fluidised Fly-Ash Cement-Bentonite Cut-off Walls in Flood Protection. *Archives of Hydro-Engineering and Environmental Mechanics Polish Academy of Sciences, Institute of Hydro-Engineering Gdańsk*. 2005, vol.52, nr 1, s.7-20.

Falkowska E., Falkowski T. The heavy metal accumulation in flood facies deposits in relation to morphology of the Vistula valley between Annapol and Gołąb. *Annals of Agricultural University-Land Reclamation*. 2005, nr 36

Garbulewski K., Bereda Z., Chaciński Z., Pisarczyk S., Popielski P. In situ testing of unsaturated organic soils. *Proceedings of the International symposium „Advanced Experimental Unsaturated Soil Mechanics”*. Trento, Italy. 2005

Koda E., Wienclaw W. Flow and transport modelling in old landfill subsoil with vertical barrier. *Proceedings of 16th ICSMGE*. Millpress Science Publishers Rotterdam, Osaka. 2005, vol. 2, s.921-924.

Koda E., Wienclaw W. Modelling of groundwater flow in old landfill containment with vertical bentonite barrier and leachate re-circulation. *Proceedings of 11th IACMAG Conference*, 2005, vol. 3, s.109-116.

Lechowicz Z., Rabarijoely S. Evaluation of organic subsoil conditions after large deformations. *Proceedings of 2nd International Conference on Problematic Soils*. Eastern Mediterranean University Press, Famagusta, N. Cyprus. 2005, vol. 3, s.1075-1082.

Lipiński M.J., Wolski W. Parameters describing flow liquefaction of soils. *Proceedings of 16th ICSMGE*. Millpress Science Publishers Rotterdam, Osaka. 2005, vol. 2, s.547-550.

Skutnik Z., Garbulewski K. Suction – swelling relation for Warsaw Clays. *Proceedings of 16th ICSMGE*. Millpress Science Publishers Rotterdam, Osaka. 2005, vol. 2, s.595-598.

Szymański A., Lechowicz Z., Drożdż A., Sas W. Geotechnical characteristics determining consolidation in organic soils. *Proceedings of 16th ICSMGE*. Millpress Science Publishers Rotterdam, Osaka. 2005, vol. 2, s.603-606.

Szymański A., Sas W., Drożdż A., Malinowska E. Field and laboratory experience with the construction of embankments on organic soils. *Proceedings of 2nd International Conference on Problematic Soils*. Eastern Mediterranean University Press, Famagusta, N. Cyprus. 2005, vol. 2, s.747-755

Szymański A., Sas W., Drożdż. Non-linear consolidation characteristics of soft soils. *Proceedings of 11th Conference IACMAG*. Torino, Italy. 2005, vol. 2, s.229-236.
